

### COMPANY OVERVIEW

- Largest Domino's franchise in the U.S.
- Over 175 locations in 5 states

“ One of the best things I like about AMSEC is their customer service. Unlike my previous safe vendor, AMSEC has been extremely attentive to our needs and has a “let’s see what we can do to help you with that” type of attitude. It’s very refreshing and has made my job that much easier. ”

### PROBLEM

#### Security, Time and Service

- With over 175 restaurants, Controller Jeanne Quesenberry was facing a recurring problem of theft and security for her team members.
- Managers were making upwards of three trips per day to the bank to deposit the growing amount of cash sales. Several of the locations were open late into the night and faced recurring instances of robberies and theft.
- Jeanne's previous smart safe provider was unresponsive due to limited contact options leading to unacceptable delays and extreme frustration.

### SOLUTION **The CashWizard Smart Safe by AMSEC**

- The CashWizard Smart Safe by AMSEC offered Jeanne increased security and mitigated theft by limiting the number of hands that touched the cash as it made its journey from till to bank.
- The AMSEC Cloud provided remote access to all safes so that the RPM Pizza team could check daily cash deposits and access other cash data critical reconciliation and the business.
- Eliminating manual cash counts and automating with the smart safe allowed managers to spend more time focusing on the business.
- Bye, bye counterfeit pens! The advanced counterfeit detection feature on the smart safe bill reader gave employees a more effective tool to detect bad bills.
- AMSEC's commitment to customer service provided RPM Pizza help any time needed, 24 hours a day, seven days a week and 365 days a year.

“ The CashWizard Smart Safe allowed us to vastly improve our security procedures and cash management practices. It offered far more value than our previous smart safe company! We have saved over \$500k/yr. ”
